

A Bad Attitude Turns Around

Success Stories

Purdue Extension – Grant County

“Purdue Extension is the best-kept secret in the county.”

We hope not! Success stories are designed to give you, the reader, a “quick read” about a program that has shown some success lately.

We will be adding success stories periodically so that you can keep up with what we’re doing.

If you have questions about Purdue Extension programs, please contact us at:

Knowledge to Go

Grant County

A local high school asks me to come teach the Have a Healthy Baby program at the school. I saw 3 young girls each week when I went. One was very upset that the counselor had her taking the class. She had a bad attitude at first. By the last class she was asking a lot of questions. When asked what she learned from the class she said, “I have now actually believed, realized, I am pregnant so I do need to take care of myself.” All three girls learned from this class but the one with the attitude may have learned the most.
