SKILLS AND ACCOMPLISHMENTS

- Write about your 3 or more Life Skills in the order of importance as you see them.
- Write in “bullet style” or outline form (whichever you feel is best for you in telling the story). **Use a minimum of 10 point font size.**

Examples (these are samples of style and layout only and are in small type to conserve space):

Leadership

- Persuaded my 14 member 4-H group and the local Citizens Association to clean up and restore a neighborhood park, for which we won an award for civic beautification from the mayor.
- Organized a clean-up day and bake sale; press coverage resulted in more than \$1000 in donations from local businesses.

ORGANIZATION

- As a three-year coordinator of 4-H School Promotions, scheduled dates, times and room locations for our three elementary schools.
- Secured presenters, materials and obtained school releases and transportation for presenters. During five-year involvement, participated in filming of promotional tape, and represented 4-H by speaking to approximately 250 elementary students.

TEACHING

- Coached 45 young 4-H clothing members on different modeling techniques during hands-on clothing workshops over the last two years. This helped give the younger members more confidence on judging day.
- Demonstrated methods of zipper applications and other sewing tips for 50 members during our local 4-H club meeting last spring.
- Assisted my little brother as he learned how to make apple butter muffins for his Foods project.
- Instructed 170 children, during swimming lessons, over the last two summers.

Knowledge Applied

Studied rabbit books, judging standards, and procedures during my quest for success in Rabbit Royalty. My rabbit knowledge has improved, and my work paid off when I was awarded the State Fair Rabbit Duchess in 2002 and State Fair Rabbit Queen in 2004.

Able to recognize signs of poor health, can diagnose diseases or risks in my herd, and quickly solve the problem. I have also learned how to perform autopsies and give shots when they are needed. By learning about the genetics of rabbits, I am able to plan breeding and end up with the desired results.

FINANCIAL PLANNING:

- Developed skills of purchasing, budgeting and of money management.
- Determined break even costs for barrows by calculating the average price received at our auction and subtracting the production costs.
- Cost of production has been under the state average every year by careful planning on purchases, budgeting and using low cost inputs.

FUTURE GOALS

List here, as briefly as possible, your future goals (short and / or long term). This may include 4-H, school, work, etc.

NOTE: (Although not required), if you have room and want to list honors, first list 4-H honors specific to the category in which you are applying, then outside honors.

NOTE: This résumé information is to be no more than 2 pages.
