

Indiana 4-H CAN Make a Difference

Each of us has first-hand knowledge of the havoc the economy has played across the country and in Indiana communities with families being impacted in a myriad of ways. We are certain that 4-H members across Indiana CAN and will make a difference to help put food on the table for those in need.

Here's the challenge:

- Each county 4-H program in Indiana has been invited to encourage contributions of non-perishable food items that will ultimately be donated to food bank(s) within the county.
- Each county will weigh, record, and report the pounds of food collected. Following the last county fair of the summer, a statewide report will be compiled and released of the tonnage collected by Indiana 4-H.
- In Floyd County, the event will be sponsored by the Jr. Leaders.
- Collection of food items will be conducted at the Floyd County 4-H Fair, July 6-11 or can be brought to the Extension Office any time between now and July 31.

Let's show that **Indiana 4-H CAN Make a Difference Together!!!**
