

Science Bound Participants Comments
For Program Improvement and Impact I
March 7, 2006

Completion of this evaluation is voluntary, but please help us to improve by sharing your ideas with us. Thank you.

What topics did you like the best in today's session?

- Discussion of available summer camps.
- How the camps provide learning tools.
- Going around and asking about the camps.
- Various camps and information one each.
- Biology camp.
- Summer camp details.
- Each camp explanation.
- All of them. All the camps are interesting and presented very well. Hard to decide on one.
- All were very good

What topics do you still have questions about?

- Presentation of camps very clear cut. Just final details like pickup and drop off times and locations.
- Not one, explained very clear.
- Aerospace.
- None (2)
- Biology camp.
- None at this moment.
- Handout will answer most.

What was the most important thing you learned in this session?

- Dates and availability of summer camps.
- What my child could be interested in.
- There are many camps to choose from.
- The availability of different programs offered.
- The money that you can earn by participating in the biology camp.
- The specifics of the camp.
- It is time to go to camp again.
- That we can't attend more than one camp.
- What camps and dates are available for the summer.

What do you plan to do differently as a result of today's program?

- No change (2)
- Choose carefully what I want.
- Consider enrolling my other children.
- Be on time. (2)
- Utilize the website more to understand the information available.
- Help my son pick a camp asap.
- Nothing. Grateful for the opportunities that Purdue gives us.
