

## Ordering Information

### **Safe Food & You**

**Food safety during pregnancy**

**Food safety for parents and young children**

A curriculum developed by Purdue University and Iowa State University with funding from the Food Safety and Quality Initiative, USDA.

This curriculum is indicated for three main audiences:

- Pregnant adolescents and adults
- Parents of preschoolers with their child(ren)
- Preschoolers in a group

Each lesson has been designed so that it can be utilized with any of several ongoing curricula being used for these audiences. It can also be taught as a single lesson.

Topics include:

- Fight Bac! concepts of Clean, Separate, Cook and Chill for pregnant adolescents and adults as well as parents
- *Listeria monocytogenes* prevention strategies for pregnant adolescents and adults
- Focus on handwashing with young children

Contents:

***Pregnant adolescents and adults (one lesson):***
